

Positive Potions

Sadly, our Positive Potions topic has now drawn to a close. In the English part of our topic, they have written some amazing poems including alliteration, rhyme and repetition. In the Science part of our topic, they have learnt about soluble in insoluble substances; how to separate different materials using different methods; which changes are reversible and which are irreversible as well as how to conduct a fair test. To see how much they can remember, try asking them the following questions:

- Name 3 soluble and 3 insoluble substances.
- How can you separate paper clips from a mixture of water, stones and sugar?
- Can you separate water from salt? If so, how?
- Name an irreversible change.

Photos of our science experiments

An excerpt of one of our poems

Hubble, trouble, boil and bake
Double trouble, spread and scrape,
Pouring rain and thunder crashes,
Some day this end will come.

Head of a horse, scales of a snake,
Digit of a duck, bill of an octopus,
Rear end of a rhino, ear of eagle,
Claw of a crab, heart of a hippopotamus.

Homework Expectation Reminder

- 30 mins on TT Rockstars per week.
- 10 mins of reading 4 times per week.
- 30 mins on Spelling Shed per week.

Upcoming Topic

Our next topic is all about the Anglo Saxons! Hopefully the children will enjoy learning about it as much as we have enjoyed planning it.

VERY IMPORTANT

- Filled water bottle
- Warm, water-proof coat
- Change of footwear
