Year 3 parents' evening

Thank you for all the parents that came to our parents' evening. It was really great to be able to talk about how the children are doing. Thanks you to all the parent's that filled in a questionnaire too as this really helps us understand parent's perceptions of the school. If you still haven't met with your child's teacher please speak to the office. Alternatively, you can arrange a meeting by speaking with your child's class teacher at the end of the day.

Topic

We are finishing our work on creative people who have changed the world with the work of William Morris. Children are using pictures inspired by William Morris to create their own artwork. We will then be using this to create stamps to make repeating patterns.

Key Info

Our BeWILDerwood trip letters have gone out this week.

Please remember to send your child in with a change of shoes if they want to go on the field.

Maths

We have started work on fractions. We have been looking at tenths and how the children know that there is a whole.

English

Children have been working hard on writing biographies. We looked at a biography on the physicist William Gilbert. We then discussed why we use subtitles in our work and how we group information. We are going to write our own biographies about Nina Simone and Marie Curie.
