

YEAR FOUR

Dereham
Church Of England
Junior Academy

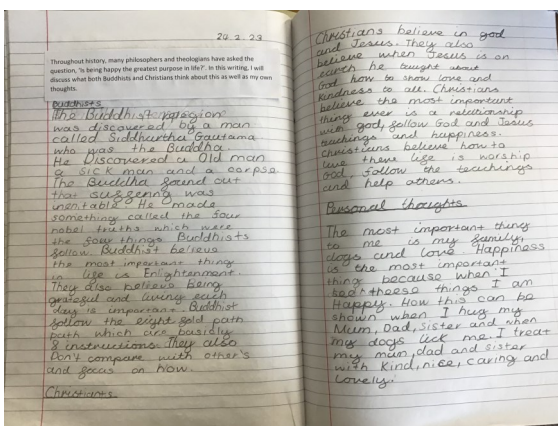

NEW TOPIC!

Water, Water Everywhere!

To kick off our topic, Year 4 have been studying the artwork of Andy Goldsworthy and have created our own natural art in his style!

Maths this half term—We will be learning all about fractions (including counting in, adding and subtracting them and finding fractions of amounts)

English this half term— We will be writing Poetry based on the poem, 'The River' and then writing persuasively about reducing plastic pollution.

Religion and Worldviews

The children have been exploring the big question, 'Is being happy the greatest purpose in life?' as part of our most recent RE week. This unit focuses on philosophy and encourages the children to question and explore what is most important to them.

As part of our learning journey, the children have explored the beliefs of Buddhism and their origins as well as learning about the Beatitudes from Christianity.
