

A Journey Through France

We are in the middle of our topic 'A Journey Through France'. In the English part of our topic, the children have written some fantastic persuasive reports about why people should visit Paris—see below. In the Geography part of our topic, they have learnt about where France is, what Paris is like and whether it is similar or different to other parts of France and have planned a trip from Paris to Moustiers-Sainte-Marie using AA Route Planner. In art, we have learnt about Pointillism and have very much enjoyed using the technique to create our own pictures—see below.

We are very lucky to have a link with a French school. Recently, they have sent us some videos of them speaking English which we have just responded to. Soon, we will be sending them videos of us speaking French. This half term, we are learning how to say different weathers in French. Can your child remember any of the French phrases they've learnt?

Photos of our Pointillism Paintings

These were created using only the primary colours—can you see how the colours have been used to give the impression of other colours?

An excerpt of one of our persuasive reports

Delicious Delights

Want to amuse your taste buds? France is famous for its different types of food. Even the fussiest eaters will find something to satisfy them. Every corner you turn, there will be award-winning cafes and restaurants. Fancy trying a national delicacy like snails or frogs legs? Would you dare to try them or would you prefer something more familiar like croissants or macarons? Whatever you choose, there will be something mouth-watering for everyone to indulge in.

Homework Expectation Reminder

- 30 mins on TT Rockstars per week.
- 10 mins of reading 4 times per week.
- 30 mins on Spelling Shed per week.

VERY IMPORTANT

- Filled water bottle
- Warm, water-proof coat
- Change of footwear
