

YEAR FOUR

Maths

We have been recapping using written methods to multiply and divide and the children can really see the importance of knowing their times tables and the help it gives them with their learning. Coming up, we will be learning about angles and shape.

English

The children are currently writing a formal letter of complaint after a fictional visit to a rather unpleasant restaurant! They have learned how to use formal language and make their feelings clear to the person that they are writing to. Watch out restaurant owners, we have some seriously disgruntled children!

Homework Each Week

The following must be completed each week:

1. **Minimum** of 3 x 10/15 min sessions on TT Rockstars
2. **Minimum** of 3 x 10/15 min sessions on Spelling Shed
3. **Minimum** of 3 x 15 min reading sessions—diaries **MUST** be signed

Topic— Come Dine with Me

So far in our topic, we have learnt about the different teeth we have and what they are used for. We then looked at food chains and talked about consumers and producers, predators and prey.

This week, the children have begun their latest DT project—to design and make a tasty and appealing sandwich! Everyone completed a taste test before deciding on the ingredients. Watch this space for some incredibly tasty and creative sandwich with various fillings!

An enormous WELL DONE!

Last week, most of the children completed their multiplication checks. These are checks the government ask every pupil in year 4 to complete. The children took it in their stride and **we are all really proud of them all.**
