

YEAR FOUR

Maths

In maths, we have been working on our addition and subtraction skills. We will be working up to adding and subtracting 4 digit numbers with exchanging.

English

We have been working on creating a diary entry of Boudicca's Revolt in English. We have used role play to generate our ideas.

Topic

We have loved learning all about how the Roman invasion changed Britain and are coming to the end of our topic work now, looking at Roman Baths and the origin of the calendar. Next will be Volcanoes!

Reading

Recommendation

As the weather gets cooler, please make sure your child brings in a coat every day. They will be playing outside at break/lunch as much as possible, even if it is a little drizzly!

Homework

Well done to all those who have been completing their spelling and times table homework each week. Hopefully this has been a more accessible way of completing homework but don't forget, EdShed and TTRockstars can still be used as extra practice at home too!

It has been great to see children completing their year 4 reading challenge of reading a variety of genres at home. The children have been so proud to show what they have read (and receive their smelly stickers!)
Keep up the reading year 4!

Swimming

The children have been loving their Thursday afternoon swimming sessions and we have seen some amazing progress in the pool already!

Children will be moved through the groups at their own pace when they are ready and confident.

Swimming arrangements for after half term will be communicated asap.
