

# Year Three!

## Fantastic Forces!

Over the last two weeks, we have been looking at different forces during Topic lessons. So far, we have used our working scientifically skills to carry out an investigation looking at how friction affects a car travelling down a ramp made of different textures.

We've also looked at magnetism. The children have had great fun investigating whether magnets attract or repel each other. We explored whether different objects were magnetic or not.

## READING AT HOME

A large number of children in Year 3 are not reading 3 times a week at home.

Please make sure you try to do this with your child each week.

Reading is absolutely fundamental to progress across the curriculum and future success in life so it really is beneficial.

## Christmas is Coming!

*Reminder: Parents Decoration afternoon*

*FRIDAY 6TH DECEMBER 2pm—3pm*

**CURIE CLASS DECORATIONS  
AFTERNOON—MONDAY 16TH  
DECEMBER**

Panto!

We are so excited that our wonderful Friends of Dereham Junior Academy are treating the whole school to a pantomime performance of Jack and The Beanstalk on the 4th December!
