

Year Three!

Moving Shadow Puppets!

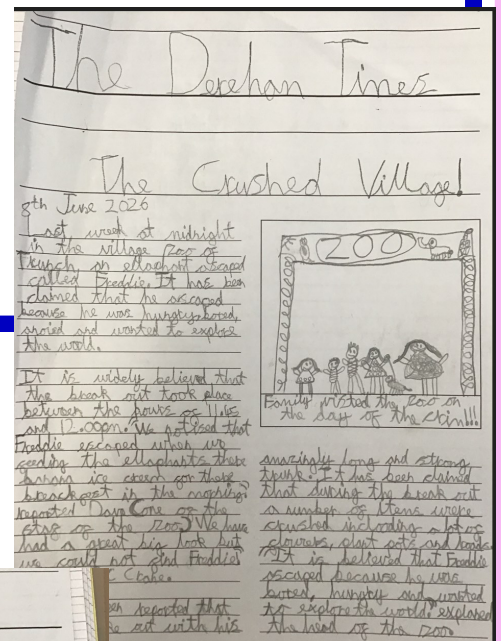

Year 3 have been hard at work over the last couple of weeks designing and making their own moving shadow puppets!

We have learnt all about how to use levers and pivots to create different movements and we are looking forward to testing them out to see what shadows we can create!

English

Over the last few weeks, the children have been working on writing newspaper reports which tell us about a breaking news events! We have been VERY impressed by their hard work .

Reading at Home

Children are expected to read a minimum of 3 times each week at home. At the minute, there are a considerable number of children who are not reaching this goal.

Please ensure that your child reads 3 times each week. Thank you in advance for your co-operation!
