Friday 2nd May - Ancient Greek workshop (details to follow)

Bikeability: Group 1 (26th and 27th March) Group 2 (3rd and 4th April) Group 3 (23rd April)

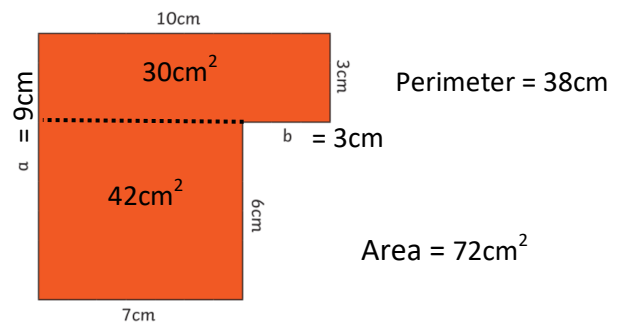

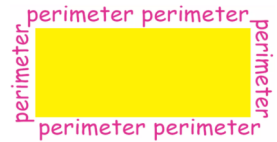

## Science Trip

What an amazing trip and another huge thank you to our wonderful FRIENDS for subsidising the cost!

## Maths

Over the last couple of weeks, the children have been learning to find the perimeter and area of rectilinear shapes. They have used their knowledge of times tables to help them.

## English

As part of our topic on earthquakes and tsunamis, the children are learning to write newspaper reports.

They have each chosen the natural disaster they wish to write about. Some of the children are writing about true life events whereas others have chosen to create fictitious ones.

So far, we have looked at a variety of grammatical features as well as exploring levels of formality and emotive language.

Over the next couple of weeks, the children will spend time drafting, editing and proof-reading their reports before finally publishing their pieces for their chosen audience.

## Homework Expectations (Friday to Friday)

**Reading** - at least four times a week

**Spelling focused activity** (paper based)

**Times tables focused activity** (paper based)

TTRockstars/Spelling Shed - **optional** extra

We *really* appreciate your continued support with this!
