

World Book Day

This World Book Day, the theme has been 'Read Your Way', which calls on everyone to enjoy the pleasure of reading. With that in mind, we shared our favourite books, produced our own book covers for a display in the town's library and designed book tokens. There were plenty of fabulous outfits which showed off the wonderful world of books!

PE: Cricket

This term, we are starting our new topic on cricket. We were fortunate to be joined by Great Witchingham Cricket Club, and plenty of sunshine, for a fun morning of coaching!

English: Adventure Narrative

This week, we have begun our new topic creating journalistic newspaper reports about a natural disaster. We cannot wait to share these with you!

Maths: Area and Perimeter

In maths, we have been practicing our measuring skills using rulers and learning about how to calculate the perimeter of rectangles.

Topic: Earthquakes and Tsunamis

In Topic, we have started exploring earthquakes and tsunamis. We have been learning all about biomes, how mountains are formed and why earthquakes happen.

Did you know Dome Mountains, like Devils Tower in the USA, are formed when magma is forced out but doesn't flow?

Stay tuned to find out more amazing facts as we move through this fascinating topic!

Recommended Read

A beautifully heartfelt and moving story with strong environmental themes. This story highlights the topic of global warming but also draws a picture of the wonderful connection that can develop between children

Reminders

A reminder that next week, on Friday 14th March, we have our school trip to Exploring Science Lab.

We also look forward to seeing you again at Parents Evening.
